Dear Colleagues,

The Social Security Administration (SSA) requests your participation in one of three planned conferences. The conferences are designed to obtain information and views on what directions and activities SSA can undertake to assist youth who receive Supplemental Security Income (SSI) or Social Security Disability Insurance (SSDI) to achieve positive adult outcomes.

Conferences will be held in Minneapolis, Minnesota; San Francisco, California; and Washington, DC and through a **Live Internet Broadcast** for each conference at [www.ssa.gov/work](http://www.ssa.gov/work).

The conferences will be working sessions to gather information on initiatives and services that support the employment, education, and economic self-sufficiency of youth receiving SSI and SSDI. SSA will use this information to help design future youth initiatives and to strengthen its collaboration with partners.

We look forward to your participation. Please register on receipt of this communication to attend in person or by the Internet.

J. Kenneth McGill  
Associate Commissioner for Employment Support Programs
